

Environment Policy Statement

ALG provides sustainable and environmentally responsible services. Our mission is to be recognised by our customers as the most competitive recruitment supplier to aviation, IT, engineering, advanced manufacturing and pharmaceuticals industries through excellence in consultation, responsiveness, accuracy and compliance.

We are committed to minimising the impact of our business on the environment by:

- Fostering an awareness of environmental responsibility in the workplace;
- Complying with all relevant environmental legislations;
- Minimising wastes arising from our operational activities and services;
- Promoting efficient use of resources;
- Collaborating on initiatives to reduce environmental impact of our operational activities and services.

This policy will be communicated and understood by everyone within the company.

With ALG's commitment to environmental sustainability, management and the team will proactively engage in activities that ensure our environmental practices and performance are positive contributions to our community.

Tom Dowdall
Chief Executive Officer
