

LEADING PEOPLE FOR PERFORMANCE & PROFIT

DID YOU KNOW THAT LEADERSHIP STYLE CONTRIBUTES TO A 70% VARIANCE IN TEAM ENGAGEMENT LEVEL? (Gallup 2020 GQ12 Meta-Analysis on Employee Engagement)

This practical interactive online workshop series has been developed for those:

- Leading and managing farm teams
- Wanting to boost teamwork, job satisfaction, productivity and profitability
- Experiencing frustrations, conflict, grievances among staff or management, or high staff turnover

These workshops will give you a greater understanding of human behaviour and equip you with skills to improve interpersonal relationships at work and home.

Learning outcomes

- Understand the cause and effect of behaviour and how to make positive changes
- Manage stress by using practical and proven management tools
- Develop the ability to form a balanced perspective in times of conflict which facilitates mutually beneficial outcomes
- Be able to understand team members, value their strengths and support them to identify their own areas for growth
- Create a positive culture and effective team where accountability drives outcomes

Farm leaders are asking us

- Why is it so hard to keep people happy?
- How can I retain my great team members?
- How can I improve my communication?
- What can I do to support someone going through a tough time?
- How can I maintain relationships and manage conflict?
- How can I better manage my mental health?
- How can I achieve better work life balance?

This online workshop series will address these common challenges and plenty more. It will include:

- Stories, models and insights from psychology and coaching disciplines to equip you with a better understanding of human behaviour
- Practical tools to manage yourself and others in stressful circumstances and daily life

Format

- Delivered as an interactive online workshop via Microsoft Teams
